# Easikey® 250

## Access Control Solution

PAC

# Introduction

Easikey® 250 is a simple to use, standalone door controller. The new, improved design allows access to one or two doors for up to 250 users, or up to 500 when paired. Compatible with the PAC Oneprox™ reader range, Easikey 250 is a cost effective solution suitable for small scale applications such as tenanted buildings and small commercial offices, providing easy to manage access control.

# Key Features

- "Out of the box" standalone access control solution designed for one or two doors
- Up to 250 Keyholders or 500 when paired
- Up to 3 Master keys for fast and easy programming
- Fail safe or fail secure option with lock time settings
- 3 simple access levels; Door 1 only, Door 2 only or Door 1 and 2
- Reads both PAC® (153KHz) and KeyPAC® (125KHz) proximity technologies
- Built-in Oneprox administration reader
- Compatible with Oneprox, PAC, KeyPAC and Easikey readers*
- Backlit, alphanumeric LCD display with simple instructions
- Displays the last 5 users, detailing user and door
- Direct upgrade option from Easikey 99 (same plastic profile)
- Database copy facility available for simple database transfer from an Easikey 99 and from an Easikey 250
- Dual controller option available; will pair with an Easikey 99 or an Easikey 250
- Buzzer/sounder options
- Battery backup facility
- Multi-language support
- 5 year warranty

* Excluding PAC Keypad readers

| MODEL No. | DESCRIPTION |
|-----------|-------------|
| 22370 | Unboxed Easikey 250 Controller |
| 22275 | Boxed Easikey 250 (pre-wired controller in a metal case without cut-out & with 3.0 Amp PSU) |
| 22277 | Boxed Easikey 250 (pre-wired controller in a metal case with cut-out & with 3.0 Amp PSU) |

**Easikey 250 boxed**

**Easikey 250 boxed with cut-out**

## Quick and Easy Administration

Easikey 250 is designed around the convenience of the user. With up to 3 Master keys, administration of Keyholders is quick and easy. The LCD display provides easy to understand instructions and the built-in Oneprox™ administration reader makes adding and deleting of Keyholders simple. Easikey 250 also offers a language choice of English, Dutch, French, German, Norwegian or Swedish.

## Easy to Operate User Interface

Three function buttons allowing for easy set up and administration of the access control system.

## Backlit Alphanumeric LCD Display

The backlit LCD display conveys clear textual messages to help set up and manage the access control system.

## Built-In Oneprox™ Administration Reader

Designed for quick and easy enrolment and administration of Keyholders.

## Dual Controller Option

Easikey 250 is capable of using the dual controller option, doubling the number of Keyholders available. The dual controller option can link existing Easikey 99 and Easikey 250 controlled premises allowing for flexible, cost effective system expansion.

## Simple Connectivity

Easikey 250 is quick and easy to install with simple power, lock and reader connections.

| Power | Lock 1 | Reader 1 | Lock 2 | Reader 2 |

# PAC® Readers

PAC's Oneprox™ reader range is ideal for use with Easikey 250. Easikey 250 is backward compatible with Easikey 99 and will support existing PAC readers.

## Upgrade from Easikey 99

**Easikey 250 offers the opportunity to simply upgrade from Easikey 99. The new, improved controller is designed on the same plastic profile as the Easikey 99 and offers additional Keyholders, an LCD display with simple instructions and an easy**

**to operate user interface. Easikey 250 has the ability to dual control with either an Easikey 99 or Easikey 250 and with the quick and easy database copy facility, provides a simple and cost effective upgrade solution.**

*\* PAC recommend updating the power supply when upgrading from Easikey 99 to Easikey 250 (part no. 11240)*
